Moodle Academy quick tip: Add  
Learn Moodle badges to Moodle Academy.

0:00:07.520,0:00:12.160

This is Sam. She has a lot of badges from  
Learn Moodle that she'd like to display

0:00:12.160,0:00:17.440

on Moodle Academy so to do this from the  
Learn Moodle site she goes to the user menu,

0:00:18.240,0:00:24.640

clicks Preferences and then Backpack settings.  
She needs to connect to a backpack provider,

0:00:24.640,0:00:29.840

Badgr. If she hasn't already created an  
account on Badgr, now is the time to do s,o

0:00:30.400,0:00:38.240

so from the Badgr site Sam signs up, chooses her  
region, for example Europe and creates an account.

0:00:40.480,0:00:45.440

She can now go back to Learn Moodle and  
connect with this account using the same

0:00:45.440,0:00:52.640

email address on both. Once she's connected  
she'll have to verify her email address

0:00:52.640,0:00:59.440

and then she'll be ready to move on. When she's  
connected, she can then go to any of her badges,

0:00:59.440,0:01:06.720

click on them and add to her backpack. She does  
this with several badges and then she will have to

0:01:06.720,0:01:12.720

go back to the Badgr site and add them to a public  
collection in order to display them on Academy,

0:01:13.360,0:01:21.920

so from Badger she creates a collection,  
making sure to make it public and then

0:01:21.920,0:01:26.320

she can add to that collection the  
badges she sent from Learn Moodle.

0:01:32.800,0:01:39.120

She's now ready to log into Moodle Academy  
and display them so again she goes to

0:01:39.120,0:01:46.000

Preferences > Backpack settings and connects to

her Badgr account just as she did on Learn Moodle.

0:01:46.640,0:01:54.080

She'll now see in Badge import settings that she can select Learn Moodle as her public collection

0:01:54.080,0:01:58.560

and her badges will be displayed in the Badges from other websites area.
